## **NYC Plans to Improve Train Service**

**Granted Petition** For Rehearing After Nine Months' Test

The New York Central plans to improve its Chicago-to-Harrisburg trains, keep an account of its revenue and expenses for nine months, then present the evidence obtained at a rehearing before the Illinois Commerce commission.

This was revealed in an order of the ICC on June 2, which grants a NYC petition for a rehearing and orders the railroad to:

1. Effective Sunday, June 13, restore sleeping car accommodations. 2. Substitute diesel power for the present steam power.

3. Improve the "on time" performance of the trains. 4. Reduce passenger fares to meet other rail carrier competition

in the area served. 5. Place advertising in newspa-pers in towns served by the trains, setting for the service and facili-

ties offered. These five orders of the ICC were suggested by the railroad.

The June 2 order declared that on May 15, 1954, the New York morning sermon was titled "The First Century Church." Central filed a petition for a rehearing and motion to stay the effective day of the ordered en-tered April 27, which prohibited the railroad to discontinue passen-ger service between Chicago and Harrisburg and ordered restoration of sleeper service.

## Fractions Multiply Use

The lifesaving quality of human blood is multiplied by the fact that it can be divided into its component parts and each part used for a separate need. Eight bottles of whole blood can be administered to eight people; broken into fractions, the same quantity may aid as many as 30. It will provide serum albumin to fight shock and kidney and liver diseases, gamma globulin to fight measles, infectious jaundice, or paralytic polio, and a serum to type blood. It will also provide fibrinogen and thrombin to stop hemorrhage. But there must be enough blood to do the job. Hundreds of thousands must make blood donations each year if all blood needs are to be met.

Call your Red Cross chapter to learn when and where you can give blood.

Christian Women's Fellowship Has Installation of Officers

The Christian Women's Fellow-The Christian Women's Fellow-ship of the First Christian church met at the home of Mrs. Frank Gray, 601 North Webster, for the regular meeting which opened with the singing of "Jesus Calls Us" followed by the Lord's Prayer.

The president, Mrs. Gray, presided over the business meeting. Sixteen books were read for the month and 53 books reported for the quarter by Mrs. Nellie Brackney, book chairman.

Those participating in world call quiz were Mrs. Gladys Parker, Mrs. Nellie Brackney, Mrs. Fre-lan Smith, Mrs. Harold Boatright, Mrs. Glen Daugherty and Mrs. Gray. The devotions were led by Mrs. Parker on "Why Have Ye Not Done All Your Task?" Participating were Mrs. lizabeth Noakes, Mrs. James Ferrell, Mrs. Henry Lightfoot and Mrs. Leta

Mrs. Gray installed the incoming officers with scripture readings from the Book of Joshua, and presented the challenge to the following officers: President, Mrs. Nellie Brackney; vice president, Mrs. Myrtle Adams; secretary, Mrs. Harold Boatright; treasurer, Mrs. Frelan Smith. Mrs. Daugherty then sang "I Gave My Lite for Thee," followed by prayer of dedication. cation.

A sound filmstrip entitled "Window on the World" was shown by Mrs. Gray. This filmstrip was taken from the diary of A. Dale Fiers, president of United Christian Missionary society, "This is Missions," in which he told of his world tour of Disciples of Christ Mission fields. Places of interest visited by Mr. Fiers were Belgian Congo, Holy Land, India and Japan. The tour took three months. After the filmstrip Mrs. Lightfoot conducted a quiz on the movie. Those present other than mentioned above were Miss Bess Pem-

berton and Mrs. Carl Corrie.

Mr. and Mrs. A. F. Lentz, former Harrisburg residents who left here a few years ago to make their home in the northwest, are now living in Orofino, Idaho. Orofino, which was homesteaded in 1885, means "fine gold" and gold mining was its principal industry when first founded. Timber is now the leading industry, along with hunting and tourist business. The population is a little more than 2,000.

Mrs. Nellie Gilley and daughter. Mrs. Winnie Butler, and grandchildren, Nancy and Jimmy, left yesterday morning for Austin, Tex., where they plan to visit with Mr. and Mrs. Elmer Gilley.
